BOWLING GREEN STATE COLLEGE, MARCH 20, 1935

No. 25

ENTHUSIASTIC P. T. A. MEETING HELD HERE

Dr. Williams gave an address of welcome to three hundred Parent-Teacher Association representatives from 13 counties of the Northwest District sent to the meeting here March 15. Other notable speakers of the day were Mrs. E. C. Stopher, state president; Mrs. Carl Harshe, district director; Mrs. Garry C. Myers, state chairman of adult education; P. A. T. Noon, state librarian; Dr. Walter Zaugg, of this college. Mrs. Cora Wilson Stuart, celebrated throughout the country for her work in the "Moonlight Schools" of Kentucky, was the surprise speaker of the evening program. B. F. Darrow, the School Master of the Air, was the scheduled speaker.

Program For P. T. A. Meeting

The following program was given at the northwest district conference of Parent-Teachers' Association held in Bowling Green College last Friday, March 15. The conference theme was "Working Together for Ohio's Children".

Registration, 9:30 to 10 A. M.

Morning Session, 10 A. M.

Solo—"My Task" by Mrs. Beagle, of Bloomsdale.

Invocation, Dr. A. R. Siebens, pastor of Presbyterian church.

Address of Welcome, Dr. H. B. Williams
Greetings, Charles S. Harkness, Supt. of Wood County Schools

(Continued on page 4, col. 3)

Many Visitors Expected To Visit B. G. Campus

Bowling Green campus will be the scene of much activity this spring. The district P-T. A. meeting and the Industrial Arts gathering brought many visitors last weekend. The band and orchestra contest held here April 5th will bring at least 500 musicians. The Wood County Scholarship contest of April 13 will bring many high school students from the county. Two events will take place April 17—the Wood County Literary and Music contest in the afternoon and the Wood County Band and Chorus Concert in the evening. On April 19 the sectional commercial tests will be given. The district state scholarship tests of May 4 will bring about 1200 students to this college. The final state commercial test is scheduled for May 11. These various activities will bring many school people to the campus and will give them a wider knowledge of the institution.

Intermediate Teachers Induct Frosh Members

The Intermediate Teachers club held their regular March meeting in the Women's Gym, March 13. The main feature of the evening was the induction of freshmen into the club. The induction service was in charge of Lois Kindinger, Virginia Rinker, Ruth Edgar and Venice Finnegan who gave short talks on "Loyalty", "Leadership", "Cooperation", and "Service."

The main speaker of the evening was Dean Hissong who talked on "Reasons For Organizing an Intermediate Teachers Club." This was followed by the group enjoying a short period of social dancing.

Prof. Moseley Presides At Michigan Meeting

Prof. Edwin L. Moseley presided as chairman of the Section of Botany at the 40th annual meeting of the Michigan Academy of Science, Arts, and Letters held in Ann Arbor, Mich., March 7-9. This organization is affiliated with the American Association for the Advancement of Science and is composed of scientists of the state of Michigan who have been residents there or who have been connected in any way with the college. The papers read at the meeting will be published in the "Fortieth Annual Report of the Michigan Academy of Science, Arts and Letters."

B. G. Enters Pi Kappa Delta Tournament March 22 and 23

The Pi Kappa Delta convention of this Province of the Lakes will be held at Otterbein College, Westerville, March 22 and 23. Bowling Green College will be represented by Yvonne Steffani, Margaret Sheffer, Karl Karg, Earl Cryer in debates and George Lohrs and Hulda Doyle in oratory. Eta chapter was granted Bowling Green in 1930. Since that time our representatives have won all firsts in debate for men and women.

Japanese Program Presented

A program on Japan was given by the Wesley League of the M. E. Church, March 10. An animated Japanese calendar and music comprised the program. The room was beautifully decorated after the Japanese fashion. Refreshments served were aisu kurimu, kasuteira, and ocha.

INDUSTRIAL ARTS LEADERS MEET

The spring meeting of the Industrial Arts teachers of northwestern Ohio was held at Bowling Green State College, last Saturday, March 16th with an attendance of 79 teachers. Mr. Crowley and Mr. Powell, with a number of Industrial Arts students held "open house" in the department from 10 to 12 o'clock. A chicken dinner was served in Williams Hall at noon, followed by the program at the table, with Mr. Powell presiding. The speakers included various individuals of the district. Dr. Williams and Dean Hissong were introduced as guests of the group. Before adjourning, the group voted to make the spring meeting an annual affair, and will meet again in Bowling Green next year. A state-wide movement is under way, to raise the status of Industrial Arts Education, and Northwestern Ohio is making a valuable contribution to this movement.

The program for the Industrial Arts Teachers meeting of northwestern Ohio was held Saturday at the College. General drawing was demonstrated by E. A. Hauenstein, Central high school, Lima; Industrial Arts from the viewpoint of a county superintendent was discussed by C. S. Harkness, County Superintendent of Wood Co.; "Selling Industrial Arts" to the Public was discussed by D. J. Crowley, of the college; "Why the Time is Ripe for Organization in Industrial Arts Education", was given by C. T. Cotter, City Supervisor of Industrial Arts, Toledo; The Ohio Industrial Prospectus from a city teacher's opinion was discussed by John H. Plough, Libbey high school, Toledo.

HEARING ON COLLEGE BILLS DEFERRED

Dr. Williams was present at the hearing of House Bill No. 324 which will change Bowling Green and Kent Colleges to Universities and House bill No. 325 which will give authority to these institutions to confer the Masters' degree and to add to each, a College of Business Administration.

The hearing developed no serious opposition to either bill but since the committee just before the meeting received an inquiry from the Taxation League of Toledo, it was decided to defer action and arrange for another hearing on March 26. It is definitely understood that both bills will be reported out favorably by the committee although it may be possible that bill No. 325 will be amended to make it more definite with reference to graduate work.

TO THE EDITOR

Lately there has been talk of a Student Council on the Campus. But no one has taken the trouble to list the benefits or advantages to be derived from, or the need for such a body. Here, therefore, is some information on the subject.

In Other Schools

1. At Oberlin College, the Student Council of ten members supervises all campus elections, chooses the staffs of the school publications, partitions the activity-fee among the campus organizations, supervises all-college events such as Home-coming and May Day, and represents the student-body in relations with the faculty and administration. Recently the Council planned and executed the Student Anti-war Conference. Of the body, the President of the Student Council says, "The present attitude of the faculty and students to the Council is very favorable indeed."

2. At Capital University, the Campus Council of fourteen members (twelve students) has very similar powers. In addition, there is a Council treasury to provide for decorations and other expenditures. Complaints, suggestions, plans, and disciplinary problems are brought before the group. Recently the Council polled the student-body and then authorized the publication of the first year book since 1930. The Editor of the *Capital Chimes* writes, "The plan is working very favorably here."

3. At Heidelberg, the Student Council, a few years ago, brought about a relaxation of a no-dancing regulation. Now all-college dances are being held at intervals throughout the school year.

4. At Ohio State, the much publicized Home-coming Queen election-dispute was amicably and satisfactorily settled by the students' representative body.

These are a few examples of how Student Councils are actively functioning on other Ohio campuses. Now let's move nearer home.

At Bowling Green State

1. Campus elections have been, for the past few years, rather poorly conducted. A student council would be of inestimable value here, conducting the primaries if any, appointing tellers, watchers, and other officials, counting the ballots, and announcing

the results.

2. Student spirit, it is commonly stated, is deficient in quantity and quality on this campus. A unifying body representing the entire student-group could do much to resuscitate this spirit by sponsoring and publicizing all-college festivals such as Home-coming, May Day, etc.), bringing outside speakers to the college, possibly backing a Student Forum, and other student conferences, and by aiding in the preparation of a vital Social Calendar.

3. Campus organizations are, in many instances, comparatively weak groups. Relations between the organizations are not always of the best. For the good of these bodies, and the college as a whole, a student council would be of great worth as a supervisory body which would strengthen the shaky groups, and coordinate and smooth the relationships between all student organizations.

4. Student-faculty contacts are prominent in B. G. S. C. by their absence. Here again a student representative group cooperating with faculty clubs or committees could bring about valuable harmonizing reforms.

These are a few of the fields in which a student council would become an indispensable tool in bringing about lasting, beneficial changes in our college life. Time and experience will disclose many more. But first we must have an instrument, a student representative body. That is why I am,

Yours for a Student Council,
Ironicus

MENS' GLEE CLUB SINGS AT ASSEMBLY

The Men's Glee Club under the direction of Leon Fauley was the chief feature of assembly exercises, March 13. The program consisted of a Russian hymn and a group of Negro songs sung by the Glee Club and a short talk by Dr. Williams. The first appearance of the Glee Club was much enjoyed. Members of the club are Alden Allensworth, Eugene Beatty, Harley Barnette, Frank Belding, Fred Bistline, David Callin, Arthur Capell, Paul Cramer, Elden Cox, Howard Harger, Howard Haise, Floyd Gehres, Wilson Jansen, Dale Keiser, Erich Koop, Frank Keil, Frank Kunkle, Eugene Mann, Lloyd Mizer, Ross Myers, Wayne Porter, Floyd Porter, Lawrence Ringenberg, James Rohrbaugh, Eugene Ruch, David Seitz, Dwight Van Atta, Rodney Warrick, Austin Wilkins, Robert Yeagley.

Cameron McLean Receives Much Local Applause

Cameron McLean, the featured artist of Thursday night's program, was so well-liked that he was compelled to grant a number of encores. The combination of his humorous Scotch personality and his rich baritone voice was greatly appreciated. His numbers were varied and were accompanied with short explanations of each. Mabelle Howe Marble was his expert pianist. This was Mr. McLean's third appearance at Bowling Green.

ANNOUNCEMENTS

Tonight—Emerson debate: Merits of Student Council for Bee Gee.

Tonight—Track meet with Oberlin.

March 21—"Lady of the Lake" by Bee Gee Players.

March 21—Y. W. C. A. meeting at 7:00. Miss Powell from Froney's will speak.

March 21—Y. M. C. A. Miss Ogle will talk on Spain. Also installation of new members.

March 22—Five Brothers Minstrel at 8:00 P. M. Admission by activity booklets.

Notice

All candidates for graduation in August who have not filed applications in the Registrar's Office are asked to do so at once. This applies to students in both the College of Education and the College of Liberal Arts.

James Guyer, Alumnus, Dies

James Guyer, Findlay, an alumnus of Bowling Green College died at his home last week. Mr. Guyer was also a graduate of Findlay College and a son of a former president of that institution. He was formerly a representative of the Ohio Assembly from Hancock county. He was pastor of the Church of God in Findlay at the time of his death. He made a very good record in his studies and was a friend of Bowling Green State College.

Varsity Quartette and Trio Entertain at Brotherhood

The Varsity Male Quartette and trumpet trio under the direction of Leon Fauley furnished the musical program for the Wood County Methodist Brotherhood meeting held in Portage, March 18. The quartette members are: Alden Allensworth, Frank Belding, Howard Haise, Erich Koop. The trumpeters are Lawrence Ringenberg, Howard Harger, Frank Kunkle.

Freshman Dance Pleases

Friday evening, March 15, the Freshman class sponsored an all-college St. Patrick's dance. The Men's gym was decorated in green and white crepe paper and Carl Mason's orchestra furnished the music. A door prize of pen and pencil set was won by Miss Phyllis Porter.

Things That You Should Know

Professor Reeb's let one of his classes out two minutes early last week.

Graham Hopper is six feet two and one-half inches tall.

Mary Ellen Wittenbrink's letter was returned to her because she addressed it to her own room.

Verlin Katterheinrich's hair is getting curly.

Shatzel Hall has one shower for 120 girls.

SOCIAL NEWS

FRATERNITIES

The Commoners

Last Tuesday evening the Commoners Fraternity gave the initial oath to its group of pledges. Pledge rules were read and primary duties were also given them. Plans are rapidly being formulated for the establishment of a 4th degree and an alumni association in connection with the Fraternity.

Did you know that last week was another "Freshman Week?" Beginning with Wednesday evening the Freshman took the interclass track meet. Then Friday evening the class sponsored an all-college dance. We're glad that they're going to be here for the next three years—they're an active group.

Saturday evening the Commoners held their annual formal dance. I won't try to picture the grandness of the affair—but I will say, Bee Gee students can produce. About fifty active and alumni members, and faculty were present. Punch was served during the dance. Favors—compacts with the Fraternity Insignia on them—were given to all the guests present. After the dance Mrs. Smith, our house mother, gave a luncheon at the House. Sunday morning the crowd dispersed after having spent a delightful evening. Adieu until next week.

C'est Moi

Five Brothers News

This Friday is the big night. Don't fail to see the Minstrel Show. See "Red" as he impersonates that colored entertainer Cab Calloway. See and hear Unger with his imitation of "Bing". Hear the new tune composed by Jim Greetham called "Marguerite". Come and hear the jokes as they concern your professor. And are they good? Well we think that some of them are riots. Do you know the definition of a naval surgeon? Come and find out. You will also see some very fancy dancing. And your friend Powell, is he good or not and, well don't miss it.

You will also see the Neophytes in action. We have tried to give something new to the school and you can show how well you appreciate our effort by your attendance. Your activity books will get you in. Help us put this thing across and something else will surely follow.

I forgot to add that you should not miss hearing Wallace and his "Walter Winchell" column. If it is half as good as some people think that it will be it ought to be colossal.

Thursday evening we are to witness an entirely new thing in plays, an entire girl cast. Friday come and see how the men do it.

Five Bros. Minstrel, Fri., March 22.

DEBATE NEWS

Debate Teams Are Active

March 18—Debaters from St. John's University, Toledo, will uphold private control of the sale of munitions in a debate in the Reading room of the Administration building. B. G. S. C. debaters, Raymond Hoops and Oliver Brock, take the negative side of the question.

The last home debate will be held at 4 p. m. today in the Reading room when the Bee Gee team meets the team from Western State Teachers College of Kalamazoo, Mich. John Kilbane and Loyal Gryting are on the Bowling Green team.

B. G. Debaters Meet Wheaton

The Bee Gee Women's Debate team lost to Wheaton college women in debate of the munitions question held here March 15. The Wheaton college team has been making a tour of the East and stopped here on its way home which is in Chicago, Ill. Dr. Ruth Bourne acted as chairman and the audience gave the decision.

B. G. and St. John's Debate

Bowling Green Men's Debate team met St. John's University team in debate at the Elk's club in Toledo, March 14th. Loyal Gryting, Barton Swartz, and Joseph Hilty upheld the affirmative. Debaters and coaches were guests of the Elks at dinner.

From the Training School

The first grade was visited by Miss Wills who came to see the designs and talk them over.

The second grade is interested in the work of the March wind. Their designs in paper cutting tell what the wind does to the trees and the clothes on the line.

The fifth grade is reading a new book on different methods of travel. The boys are especially interested in airplanes and are planning a bulletin board about them.

Kindergarten Club Meets

The Kindergarten-Primary club held their March meeting Wednesday evening. The business for the evening was the election of officers for the coming year. The new officers are: Phylis Porter, president; Margaret Eversole, vice-president; Reva McLain, secretary-treasurer.

The main features of the program were: a play by the dramatic group of the club directed by Miss West, a reading by Mary Hennings and a very interesting resume of a nursery school by Margaret Leifer, of Rossford.

Following the program a dainty lunch was served in keeping with St. Patrick's Day. The next meeting will be a Spring Banquet.

SORORITIES

Five Sister Flashes

Last week-end was a red letter one for Five Sisters. The homecoming was a great success. Saturday at one o'clock a luncheon was on the program at which 49 were served, 26 being alumni. After the luncheon everyone assembled at the house for a business meeting, and at 4:00 o'clock tea was served with the string trio and Five Sisters vocal trio entertaining. A number of the guests stayed Saturday night and the day was one to be thought of at least until next year.

That was a grand formal Commoners. Everyone reported a very enjoyable evening.

Skol Skrolls

The Skol Sorority entertained on March 17 with a St. Patrick's Day Tea. Green sweet peas and green tapers were the appointments of the charming tea talk at which Miss Hope Conrad presided. Music of the afternoon was in keeping with the holiday.

Shatzel Hall News

Shatzel and Williams girls were together to eat again in Shatzel's dining room, Friday night and Saturday noon. This was because of the meals served at Williams Hall to members of the Parent-Teacher Association.

Spring will soon be here and of course that means new clothes for the girls. Shatzel Hall girls believe in doing their spring shopping early for several spent the Saturday in Toledo.

Miss Betty Cooke returned to Shatzel Hall Saturday after having spent several days at home in Youngstown due to illness. She was accompanied back by her mother, Mrs. Cooke and Mrs. Jones.

Miss Mildred Perrell, a former student, spent the week-end at Shatzel Hall visiting friends.

Five Bros. Minstrel, Fri., March 22.

WE WANT A KEY!

A goodly number of us have been very much disappointed that we are not to have the Key this year.

You can do much to ease this disappointment.

When we think of the Key, the most important parts are the individual pictures of the graduates and the group pictures.

Why don't you get these individual pictures from those who are graduating and will have them for the appointment bureau applications any way, and then with group pictures put out a book of less elaborateness than the Key and if necessary make some charge on it.

Make it possible for the graduates to carry away at least part of the memories that they desire.

WE BEG TO REMARK

This is not the age of Experimental Science alone. With its rise has come the full development of Scientific Calculafaction. For example, Dr. Martin tells us (and remember that experimental science is only moderately acquainted with some 500,000 inorganic compounds as they are known to exist) that of the paraffin series of carbohydrates alone there are are some 82,299,275 organic compounds. This is calculated, evidently, to the Nth degree of accuracy and is not similar to the count of the age of the British Isles by a man whose science was a trifle weak. He asserted that they were 50 billion $3\frac{1}{2}$ years old because a geologist had told him that they were 50 billion years of age $3\frac{1}{2}$ years previously.

Opinion differs as to whether spring is here or not. Our own criterion for detecting the arrival of spring is a close watch for signs of more complete lethargy in our fellow-students. That method would be quite certain even if we lived in an ice-box.

The college orchestra is doing very nicely. May they emerge from their seclusion more often!

Small handicaps are undoubtedly beneficial. It's the pebbles in the brook which make it run clear. But they also make it turbulent and unpleasant to wading feet, And a dam is the end of a brook as a brook. Unless it is given an outlet it builds up a potential, eventually, sufficient to break the dam. Woe then to the dam-builders!

Major handicaps to progress are always destroyed after sufficient energy has accumulated. The effect then is to overthrow both good and evil, and mankind is forced to virtually begin anew. Of this last, we read in "The Science of Life" (page 1478): "The fall and recovery of populations, the politico-economic unification of human affairs, may present phases of intense stress and tragedy, periods of lassitude and apparent retrogression, distressful enough for the generations that may endure them, but only sufficient to destroy misleading traditions and not disruptive to the dominance of a collective control of human destinies."

Five Bros. Minstrel, Fri., March 22.

IF IT WOULD WORK

A much needed improvement for Bowling Green State college is a student council. If it would work. There is even a growing need for some form of a student government on this campus. Student councils are working successfully on other campuses, including Bluffton, Oberlin, and Toledo U.

But would a student council work on this campus? Could a student council accomplish anything to the advantage of the student body? Conditions are growing so bad on this campus that something must be done. If we had a student council it is probable that the student government could do something. Here we are: conditions necessitate a student council; and these same conditions would prevent the establishment of a student council.

It would be a sad state of affairs if the council would not be backed by the student body. A figure head of the student body would be of no value whatsoever. There are enough dissenters to be found, but when it comes to supporters a sorry few can be found. Plenty of people are always willing to tell what is wrong, but only a few are willing to help better the conditions.

Then this student body is loosely integrated. We are a "tourist" college. What do students care about the general welfare of the student body? It will not be necessary to go into the reasons why students go home so much week-ends for the mere fact that they do go home shows that they are hardly a part of a student body. They just come to Bee Gee to attend classes, not to get an education (in the full sense of the word). To be successful, a student council must have the support of a large part of a cooperative student body.

It would be a sorry condition for the student council to fall into the hands of a small group or clique. Any one who is able to observe will admit the possibilities of this grave danger which is growing continually. To be successful a student council must be representative of the student body as a whole and must not be controlled by some small selfish group.

To be successful a student council will need proper guidance and backing by the faculty and administration. Undoubtedly the administration and faculty members would support a student council if they saw any positive indication of a need and a success of its establishment. Until then any actual realization of a student council is impossible.

A student council would work if the proper attitude can be instilled in the students and faculty members.

Bowling Green Alumni Teaching in Fulton County

Many Bowling Green alumni and former students are now holding positions in Fulton county schools. After checking up on the Registrar's files it was found that the following people are teaching there:

Clinton township school—Willard Richer, Wauseon; Blake Wendt, Wauseon.

Dover township school—Alwin H. Rice, Wauseon; Irene Barckert, Wauseon; Mary Bender, Wauseon.

Franklin township school—Wilma Bernath, Archbold; Illah Borton, Fayette; Lorene Borton, Fayette; Marguerite Wyse, West Unity; Walter P. Bates, Wauseon; Chester Stowell, Fayette; Ilva Roth, Archbold.

German township school—Ruth Winzeler, Archbold; Ella Short, Archbold; Grace Short, Archbold; Mary Winzeler, Archbold; Wilma Stamm, Archbold; Violet Spiess, Archbold; Elzina Rupp, Archbold; Mary Stuckey, Archbold.

East Gorham school—Lillian Rifner, Fayette.

West Gorham school—Irma Stamm, Archbold.

Pike township school—Charles Gorsuch, Wauseon; Ralph Rosebrook, Wauseon; Earl Roth, Elmira; Mert Gabraith, Lyons; Ilone Schug, Swanton.

Swan Creek township school—Luella Crisman, Delta; Marie Newlove, Delta; Gertrude Cook, Delta; Ruth Girdham, Swanton; Ardys Murray, Swanton; Mary Reighard, Delta; Mervin Rupp, Delta; E. B. Tallman, Liberty Center.

York township school—Cleo Yoder, Delta; Marjorie Pfaff, Delta; Earl Wiseman, Delta; Byronna Zimmerman, Wauseon; Eunice Johnson, Wauseon; Jeanetta Ernst, Delta; Mary L. Gottschalk, Wauseon.

Elmira Special school—J. H. Spengler, Archbold; Nevada Frey, Archbold.

Tedrow Special School—L. D. Nofziger, Wauseon; Ida Belle Salsbury, Wauseon.

Archbold Village school—Gayle Miller, Archbold; Mabel Nofziger, Archbold; Melvin Winzeler, Archbold; Osee Buehrer, Archbold; Wilma Spiess, Archbold; Kathryn Rupp, Archbold.

Chesterfield township centralized—Harry W. Gwynn, principal, Morenci, Mich.; Hazel Fashbaugh, Delta; Doris Dunbar, Lyons; Georgia Gill, Wauseon; Genieve Bates, Wauseon; May Pike, Wauseon.

Delta Village school—R. A. Younkin, principal, Delta; Charles Knapp, Delta; J. O. Tressler, Delta; Bruce Berkey, Delta; Helen Clingaman, Delta; Helen Garster, Delta; Josephine Rupp, Delta; Ethel La Salle, Delta.

Fulton township centralized—Grace Fashbaugh, Delta; Kathryn Sharp, Swanton; Hazel Saeger, Delta; Berniece Barton, Wauseon; Helen Knipp, Swanton.

Gorham-Fayette Village school—Lola Gleason, Fayette; Leta Fought, Fayette; Vera Barton, Fayette; Carol Tule, Fayette; Eunice Stowell, Fayette; Helen Reamsnyder, Fayette.

Lyons Village School—Willard Schaller, principal, Lyons; Wilford C. Ingalls, Lyons; Audrey Lee, Wauseon; Eleanor Crockett, Metamora; Louise Planson, Lyons; Coila Flora, Lyons.

Metamora Village school—Paul Roller, principal, Metamora; Mary Miller, Metamora; Ruth Luke, Metamora; Helen Pifer, Metamora; Juanita Boyes, Lyons; Isabelle Stanton, Metamora.

Pettisville Special school—J. J. Rychenen, superintendent, Pettisville; S. M. Gottschalk, principal, Pettisville; Leta Gigax, Pettisville; Flora Dimke, Pettisville; Alta Spiess, Archbold; Herma Steinbrecher, Wauseon; Louella Burkholder, Wauseon; Vesta Nofziger, Wauseon.

Swanton village school—Howard Rogge, principal, Swanton; Esther Drennan, Swanton; Clifford Nelson, Swanton; Mabel Drennan, Swanton; Jessie Berno, Swanton; Gertrude Newcomb, Swanton; Mathilde Dauer, Swanton; Elizabeth Wilson, Swanton; Alice Fels, Swanton.

BE THANKFUL FOR YOUR PRIVILEGES

Many of our students spend a great deal of energy expounding on the fact that Bowling Green State College has no recreation hall. The students complain because they are forced to hold the dances in the gymnasiums. One of the professors brought to mind recently the fact that the young men and women on other campuses are making quite as much fuss because they are denied the privilege of holding college dances.

We have this privilege granted us and we are still grumping because we haven't a fine dance hall. Let's be thankful for the privileges we have.

GUESS WHO (?)

He is one of our very well-known professors. His lips are thin and they curl up at the sides when he smiles—which he does very often. He has a dimple in the middle of his square chin. He has a thin nose and a shiny forehead. His gray hair which bands his head in a semi-circle is inclined to be curly. He has a fine oratorical voice.

He usually wears a dark suit and white shirt with a stiff collar. His glasses are rimless. He also wears a gold ring which he taps against the blackboard now and then. He is very well liked by his students and he in turn takes a keen interest in their activities. His work is definite and he is known for his outlines and outside reading assignments.

The answer to last week's Guess Who was Dorothy Pace.

Sound Reproducer Installed In Physics Department

An electric sound reproducing apparatus has been prepared for the use of the students in the Advanced Physics class in their study of sound and acoustics. The set-up consists of an electrical phonograph and a sound reproducer similar to a radio receiving set to which is attached a baffle board. The baffle board is a large wooden board which permits tones of low frequency rates to be heard more effectively. Its work may be appreciated if one compares the tone quality of the small cheap radios with that of the cabinet sets for the cabinet serves the same purpose as the baffle board.

The apparatus will be used in comparing the tone quality of mechanical and electrical phonograph records and in various other sound analyses.

FROSH TAKE MEET

The Freshman class nosed out the Juniors by a $\frac{1}{2}$ point to win the interclass indoor track meet at the gym last Wednesday. The meet was close and exciting throughout. The four classes were closely bunched in the scoring column. The Frosh scored $28\frac{1}{2}$, the Juniors 28, the Sophs $25\frac{1}{2}$, and the Seniors 21.

The records of former years remained unshattered although the record of 4.6 seconds for the 40 yard dash was tied by Hartman, a senior.

The Frosh took only three firsts but showed up strong in taking second and third places.

Kinney was high point man for the Frosh with 8 points. Burkhart followed with 5.

With competition being so keen in the indoor meet the outdoor interclass meet should prove to be more interesting.

Following are the results:

Shot put won by Belding (So), 2-Stearns (Sr), 3-Ihnat (So)—distance 34 feet, $1\frac{1}{4}$ in.

Pole Vault won by Burkhart (F), 2-Stevenson (Jr), 3-Gehnert (F). Height 10 ft.

40 yard dash won by Hartman (Sr), 2-Overmier (Jr), 3-Riffle (So). Time 4.6 sec. (Tied record)

Mile won by Gaeth (Jr), 2-Sickers (F), 3-Saunders (So.) Time 5:10:1.

40 yard Hi hurdles won by Hartman (Sr), 2-Kinney (F), 3-Unger (Jr). Time 5.9.

440 yard dash won by Overmier (Jr), 2-Johnson (F), 3-(tied)-Glover (F) and Kunkle (So.) Time 55.8.

40 yard low hurdles won by Kinney (F), (F), 2-Hartman (Sr), 3-Warner (Jr.), Time 5.3.

High jump won by Stevenson (Jr), 2-Kunkle (So), 3-Rinehart (F). Height 5 ft. $7\frac{3}{4}$ in.

220 yard dash won by Gernert (F), and Daniels (S), tied, 3-Karg (So). Time 30.8.

2 mile run won by McCrory (Sr), 2-Park (So), 3-Pelton (F). Time 10:58.6.

Standing broad jump won by Belding (So), 2-Smith (F), 3-Daniels (So). Distance 8 ft., $2\frac{1}{2}$ in.

Relay (8 laps) won by Juniors, 2-Sophs, 3-Frosh. Time 2:01.7.

The Falcons will open their track season tonight by facing the Oberlin track team in the Falcon gym at 7:30 P. M. Little is known of either team but a very interesting meet can be expected. Be there to cheer the Falcons to victory.

Brothers Lead in Volleyball League

The Brothers, a team composed mainly of members representing B. G. S. C. in the Northwestern Ohio Volleyball League are still on top. They have the distinction of being the only unbeaten team in the league. The fellows on this team are large and know some of the finer points of the game.

They are closely followed by the Faculty. The Faculty have played several more games than the Brothers and before the season ends may cause the leaders some concern.

The interest at present seems to be lagging. Some of the teams play with members of another team. What's the matter with some of you fellows, don't you want to play with your team? A team cannot play together with new players on the line up every game. Let's have better representation.

Seniors Win BB Championship

To the great surprise of all, the Seniors won the interclass basketball championship. No, it is not a surprise, the Seniors had a very good team. They were beaten three times, by a different opponent each time, showing they were prepared for their victim the next time they met them.

The Sophomores gave the Seniors a good battle but being beaten their last game put them out of the race.

The Seniors have something to be proud of, it is the first time that a Senior team has been able to win the interclass basketball championship. Come on Seniors let's show them we can win at track.

Musical Notes

Prof. Tunnicliffe attended the Eastern Music Supervisor's convention in Pittsburgh, March 13 to 16.

Prof. Fauley was a judge of the music contest at Bloomdale on March 12. Arline Hutchins, an alumnus of the college is music instructor there. Virginia Baker, Mildred Craven, Erich Koop accompanied him.

COMMERCE CORNER

Friends of, and students in the Commercial Department are much interested in the news items which tell of the visit to our campus of the House Finance Committee of the Ohio State Legislature. Of special interest is the reported House Bill No. 325 which would expand the offerings of the college, especially in the business field. Quoting from a news item in the Toledo Blade, we learn "Another amendment, Dr. Williams said, to the graduate bill, would create a college of business administration at the local college".

Any such expansion in our Commercial Department would be of benefit to both present and past graduates because of the enhanced reputation and prestige of their Alma Mater.

We are always interested to hear about the activities of graduates of the Commercial Department. Last week Mary Ellen Canfield, a graduate of a few years back and a cousin of our State Representative, D. D. Canfield, was a visitor at the Department office. She has been successfully employed for several years as a bookkeeper in an auto sales agency at Maumee.

Tell us about any other graduates with whose work you are familiar and we'll pass the word along.

Quill Type meeting tonight promises to be very interesting. The subject of "Advertising" will be presented from different angles by Mr. Bricker, Miss Swartz, and Miss Arnold. A discussion will follow, led by Mr. Babione, the new part-time instructor in Business Administration. He has studied advertising in his graduate work at Ohio State University and will bring in materials to show just how advertisements are constructed.

Education is to develop independent thinking. Yet it is often a good policy to agree with the Prof.
